

# DISCOVER CELL PERFORMANCE

## GET READY TO POWER YOUR POTENTIAL

I am excited for you to try these new Cell Performance products brought to you by ASEA.

**RedoxEnergy** to combat fatigue, leaving you more awake and alert.

**RedoxMind** to replace brain fog and mental exhaustion with clarity and focus.

**RedoxMood** to conquer anxiety and overwhelm with a sense of relaxation and calm.

In this pack, I have included samples of all 3 products. Color coded for simple use. **Make sure to try an Energy/Mind combo.** It's amazing and tastes great! Either half and half or a full pack of each depending on how sensitive you are! **Mind/Mood is another fantastic combo!** Mix with water, favorite beverage or even your smoothie!

The final versions of these products were the result of over 200 different formulations and the ingredients have been chosen for the significant and synergistic benefits they offer. They are also included in their efficacious amounts – in other words - we are not just sprinkling in ingredients to make a label look good. You will feel the difference!

## CONSIDER THE FOLLOWING:

- 1. Massive Demand.** More than ever before, millions of people are searching for healthy, effective solutions for fatigue, brain fog, anxiety, stress and overwhelm.
- 2. Products That Work.** In a 420-person consumer study, on average, 8 out of 10 people said they experienced positive benefits from using the products.
- 3. Competitive Price Point.** At only \$50 for 30 drinks, these new cell performance products represent incredible value for money at only \$1.67 a drink!
- 4. Science But Simple.** The formulations are all backed by science; however, it is the simplicity of and ease of sharing through sampling, that makes our income opportunity a home run.
- 5. Just The Beginning.** These 3 products are only the beginning of this new product division called Cell Performance, with more high impact formulas already in development!

## ASEA THE COMPANY

In 2009, ASEA entered the cellular health industry with their cutting edge, patented health science breakthrough, ASEA Redox. A cell signaling technology that has transformed 10,000s of lives around the world; resulting in over \$1 Billion in global sales and \$500,000,000 paid in commissions to our independent reps.

Now ASEA has launched their next big product division - **Cell Performance**. Simple, fun, affordable products that work, improving the quality of people's day to day lives, so they can "*power their potential*". **Cell Performance will be BIG, and YOU can be part of it.**
